**The National Association of EMS Educators**

**EMS Educator Course**

**January 13-16, 2012**

**Wilson County Emergency Management Training Facility, Lebanon, TN**

**Due to the online component that must be completed prior to the course**

**Registration Deadline is **DECEMBER 31, 2011****

Course Hours – Friday 4pm-7pm : Saturday and Sunday 8am – 5:30 pm, Monday 8AM –11AM

**General Information**

Tennessee Emergency Medical Service Education Association and National Association Emergency Medical Service Education proudly presents the EMS Instructor Course, which has been designed and developed by the same individuals who produced the DOT/NHTSA 2002 National Guidelines for Educating EMS Instructors. The NAEMSE Instructor Course represents the didactic component and practical application of the beginning education process to become an EMS instructor. The content of this course aligns the NAEMSE developed modules with the curriculum objectives of the 2002 National Guidelines, and has been designed to provide a basic introduction of concepts for the beginning EMS educator. NAEMSE recognizes that the development of a professional EMS educator requires many components including: formalized education in all aspects of the educational process, practical experience in teaching and mentoring by other members of the educational team to foster personal growth and development. This course DOES NOT include all these components, only the beginning steps of the process. Enrollment will be limited to 60 participants. Individuals who attend the entire course and pass the post test will receive a Certificate of Course Completion from NAEMSE. Continuing education hours have been applied for through NAEMSE, which is accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS).

**Goals of the Course**

- To assist attendees in achieving the entry-level portions of the DOT/NHTSA 2002 Guidelines for Educating the EMS Instructor. (To attain this goal students are required to complete online readings on a learning management website prior to attending the actual course.)
- To provide tools and resources to attendees who want to teach to the best of their potential.
- To provide foundational information on the teaching process.
- To provide opportunities for networking and interpersonal growth.

**Summative Evaluation of the Course**

A portion of the course will be conducted online and will include educational material pertinent to the successful completion of the course. Participants will complete a written post test which includes information from the NAEMSE Instructor Course web site. Participants will be assigned to a team to complete practical exercises that apply the principles of this course. **You will be contacted by NAEMSE with your online log in and password prior to the course. If you have not heard from the NAEMSE Office concerning your online login within two weeks of the course please contact [laura.krawchyk@naemse.org](mailto:laura.krawchyk@naemse.org)**
